

Acting Executive

15 September 1950

Chief, Administrative Staff

Home Leave for Foreign National Employees

I concur in the attached memorandum from [] and agree that his request is sound and thoroughly logical. However, PL 110 does not contain provisions whereby this kind of leave can be granted. I believe that, if the case were properly presented to the General Accounting Office for an opinion, they might concur in our granting such leave were these provisions part of the contract signed by the foreign national upon employment.
